EXPERIENCE

Albiorix Technology Pvt. Ltd Ahmedabad, Gujarat

— Software Developer (July 2024 - PRESENT)

Working on projects using **Vue.js** and **Nuxt.js**, with deployments managed via **Docker** and **Netlify**.

Implemented testing using **Jest**, **Storybook**, **Playwright**, and **Vitest** to ensure code quality and reliability.

Independently migrated a large-scale project from **Angular** to **Nuxt 3**, handling architecture, development, and integration.

Also contributed to **Node.js** (Express, Nest.js) back-end development and **React.js** / **Next.js** front-end projects.

Zignuts Technolab Pvt. Ltd, Gandhinagar, Gujarat

— Junior Web Developer (June 2022 - July 2024)

Integrated front-end with back-end APIs to display dynamic data and ensure real-time updates.

Built responsive, accessible UIs using **Vue.js**, **Nuxt.js**, and **React.js** for a seamless user experience.

Completed multiple end-to-end projects, including **CRM**, **eCommerce**, **Admin Panel**, **B2B/B2C Platforms**, **SaaS**, and **HRMS** systems.

Collaborated with designers, developers, and QA teams to deliver high-quality, optimized features.

Worked with **AWS**, **Docker**, and **Jenkins** for deployment and CI/CD processes.

Handled **quality assurance** tasks and **website load management** to maintain performance and reliability.

Experienced in mentoring **Vue.js** interns by **preparing assessments**, **conducting interviews**, **assigning project tasks**, and **performing code reviews** for live project contributions.

— Trainee Web Developer (January 2022 - June 2022)

Developed responsive UIs using **Vue.js** and **React.js**. Worked with **Vuetify**, **Vuesax**, **Bootstrap**, and **Tailwind CSS**.

Gained hands-on experience on live projects and contributed to real-time web solutions.
